

# Intervals B

Name: \_\_\_\_\_

I. Identify the following intervals by both quality (°, m, M, P, or +) and quantity (1, 2, 3, 4, 5, 6, 7, or 8).

1.                      2.                      3.                      4.                      5.

Interval:    \_\_\_\_\_                      \_\_\_\_\_                      \_\_\_\_\_                      \_\_\_\_\_                      \_\_\_\_\_

6.                      7.                      8.                      9.                      10.

Interval:    \_\_\_\_\_                      \_\_\_\_\_                      \_\_\_\_\_                      \_\_\_\_\_                      \_\_\_\_\_

II. Add the correct note *above* the given note, to form the interval specified.

1.                      2.                      3.                      4.                      5.

Interval:                      m2                      M6                      P4                      M3                      +4

6.                      7.                      8.                      9.                      10.

P5                      m7                      °3                      m6                      +8

III. Add the correct note *below* the given note, to form the interval specified.

1.                      2.                      3.                      4.                      5.

Interval:                      m6                      m2                      P5                      P8                      m7

6.                      7.                      8.                      9.                      10.

Interval:                      M3                      M7                      +4                      M6                      M2
